

Peterson's Cat® Equipment Hydraulic Hose Room

WE'LL BUILD YOUR HOSE IN LESS THAN 1 HOUR
OR YOU GET 50% OFF LIST PRICE!*

You rely on a dependable machine to accomplish work day in and day out. Make sure your hydraulic hoses are just as reliable as your machine's other components. Cat hydraulic hoses are designed to work harder for you, engineered from the factory, and customized at hose shops across Peterson's territory for your machine.

- ▶ **RUGGED DESIGN** - Engineered for punishing conditions, Cat® Hydraulic hoses are flexible and durable. We use designed tooling and industry-unique software to construct every hose assembly to exact OEM specifications.
- ▶ **METICULOUS MANUFACTURING** - Focused on quality, we use high-quality components to ensure all hoses are consistently manufactured. Making sure every new hose perfectly matches the factory-installed version it is replacing.
- ▶ **RIGOROUS TESTING** - Our all-in-one approach produces the most reliable results. Our hoses are subjected to the most rigorous testing processes in the industry.
- ▶ **UNMATCHED SUPPORT** - Our technicians receive Caterpillar training on tooling, hose assembly techniques, routing standards, inspection, and contamination control. Our teams are the best in the industry at delivering a quality product build after build.

*Limit one per customer. Must bring in hose. 50% off list price for next day pick up.
